

## THE DAILY NEWS.

Largest Circulation.—THE DAILY NEWS being the newspaper officially recognized as having the largest circulation in the city of Charleston, publishes the list of letters remaining in the postoffice at the end of each week, according to the provisions of the new postoffice law.

## CHEAP ADVERTISING.

THE CHARLESTON NEWS, the circulation of which is about twice as large as that of any other paper published in South Carolina, is the best advertising medium for all business men. For persons who want situations or servants; who want houses or apartments, or have them to rent; who want or offer board and lodging; who have lost or found articles of value, the News has no equal; and in order that all classes may have their wants supplied, we have adopted the following scale of cheap advertisements, payment for which must invariably be made when the order is given:

Advertisements of situations wanted by or offered to clerks, governesses, tutors, workmen, mechanics, house-servants, porters, shopboys, cooks and waiters; board and lodging wanted or offered; apartments wanted or offered; articles lost or found; houses, shops, offices and warehouses wanted or offered, and miscellaneous wants of all kinds.

For each insertion of advertisements of the classes specified:

Not exceeding three lines or 30 words.....25 cents  
FOUR LINES OR 30 WORDS.....40  
FIVE LINES OR 40 WORDS.....50

All advertisements to be inserted at these rates must be prepaid and delivered at the News office by 9 P. M.

COUNCIL.—We understand that there will be a meeting of Council to-night, when city scavengers will be elected and other business transacted. Can't the members of Council let a week pass without holding a meeting?

THE NEWS IN THE COUNTRY.—Readers of THE NEWS going to the country can receive their favorite paper by mail, daily, at seventy-five cents a month, by addressing a note, with their subscription, to our publication office.

A FURNISHING CORRECTION.—The little child of Mr. Kennedy, whose fall and presumed death was chronicled in Monday's issue, is, we learn, in a fair way to recovery. His arm was fractured, and he received some severe injuries about the head, but he is not considered to be mortally hurt.

IMPROVEMENT.—Mr. C. F. Levy has just completed a two-story brick house on the east side of Friend, near Broad-street.

Dr. Wragg has commenced a house at the foot of Broad-street, which will be of brick and three stories high. Mr. Money is superintending the building of it.

DISORDERLY WOMEN.—Yesterday Elizabeth Donahoe and Emma Nichols, white, were arraigned before the Mayor upon the charge of being drunk and creating a riot in Kirkland's lane. They were each sentenced to twenty days' imprisonment. These women were inmates of the house in Kirkland's lane which was set on fire a short time since.

THE EMBROIDER.—Magistrates Kanapax and DeLorge, who have been investigating this affair, have required Moses Gadsden, Alfred Smith, Brutus Jenkins and Moses Small, to give bonds for their appearance before the State Court, to answer the charge of being engaged in the riot. There are other matters connected with this riot which are being inquired into.

WHAT'S UP?—Dr. A. G. Alderman T. J., and Sheriff E. W. M. Mackay left for Columbia Sunday morning. When the whole Mackay family is poured at one time into the lap of Columbia it is evident that something is up—that the wheel of politics is revolving the wrong way or is out of order, and they desire to put a nail in it to stop it, or to reverse the "order of its going."

THE LATE RIOT.—The investigation in the cases of the parties charged with being connected with the late riot was resumed yesterday before Magistrates Kanapax and DeLorge. Rife Izard, colored, was committed to jail to await trial before the State Court for committing an assault and battery, and also for assaulting an officer.

Mr. Schwing gave bond to appear before the same court, to answer the charge of assault with a deadly weapon.

The investigation will be continued until the affair is thoroughly sifted.

SHERIFF'S SALE.—The following named property was sold by Sheriff Mackay, yesterday, in front of the Courthouse—A. C. McGillivray, auctioneer:

The lot, with frame dwelling thereon, on the south side of Ann-street, between meeting and Elizabeth streets fronting forty-three feet with a depth of two hundred feet, for \$250. Mr. Dennis Keenan purchaser.

A wooden dwelling on the south side of Calhoun-street, for \$300. Mrs. J. F. Chubb, purchaser.

A brick building on the south side of Market street, for \$300. Messrs. J. N. Tiedemann & Co. purchasers.

MERCANTILE PRINTING.—All kinds of mercantile printing, such as circulars, letter heads, cards, bill heads, statements, &c., for counting-rooms and offices, promptly executed in the neatest style and at the lowest rates for cash, at THE NEWS JOB OFFICE, No. 149 East Bay.

ACCIDENT TO THE STEAMSHIP CHAMPION.—A private telegram received at this office from New York yesterday afternoon, states that the steamship Champion, which left New York Saturday, broke her shaft Sunday while off Cape Delaware and was compelled to put back to port, arriving there yesterday afternoon. All well on board. She will probably re-sail on Wednesday and arrive here Saturday.

THE NEGRO MILITIA IN HAMBURG.—The Augusta Chronicle of Sunday says: "We are informed that a detachment of colored soldiers from the militia was in Hamburg Friday night, on duty at the end of the bridge. The cause of this warlike display we did not learn, but rumor has it that a raid of Georgia Ku-Klux was anticipated. We have never seen a colored man in Hamburg, but we have the right material here in Richmond to regulate Mr. Scott's ragamuffins if they ever get on Georgia soil. They might be ordered to take Hamburg within their jurisdiction in case of need. We can assure the 'Carolinians' that nothing which they could do on any future occasion can increase the high esteem and cordial friendship felt for them by our entire club."

THE SAVANNAH BASE BALLISTS.—Alluding to the invitation to the Savannah base ballists to make another visit to Charleston, the Savannah Advertiser says: "We hardly think they will be able to respond to another invitation from their friends, the 'Carolinians' at least immediately. It is quite an undertaking to get together the entire nine for a two days' holiday, and on the last visit the Savannahs were deprived of the services of two of their best players in case of need. We can assure the 'Carolinians' that nothing which they could do on any future occasion can increase the high esteem and cordial friendship felt for them by our entire club."

BREAK ON THE COLUMBIA AND AUGUSTA RAILROAD.—The late heavy rains caused a sudden rise in the small streams in the neighborhood of the Bath Paper Mills, and a culvert on the Columbia and Augusta Railroad was blown up by the force of the water, and a large portion of the road bed washed away. Fortunately the tracks of the Columbia and Augusta and the South Carolina Railroads run parallel at this point, and the passengers and baggage by the former are transferred to the latter at Graniteville. The wash is quite large, and it will probably be ten days to two weeks before the road can be put in running order.

LITTLE BUBBLERS.—Yesterday morning the detectives arrested a mulatto and a negro boy—neither over twelve years of age—upon the charge of burglary. The negro boy confessed that upon Friday night he, by means of a step ladder procured and placed in position by the mulatto boy, forcibly entered the store of Messrs. Geo. W. Strong & Co., No. 277 King-street, and forced open the money drawer and stole a small sum of money.

Early Sunday morning they, by the same means, entered the confectionery store of Mr. Kinsman, adjoining the store above mentioned. While they were attempting to open the money drawer here the watchman came up and succeeded in arresting the little negro. He "peached" and caused the arrest of his accomplice.

They are both confined at the detective office. A long piece of plank, which they used to force open doors, was captured with them.

A MAN-HATER—MINI TEACHEROUS ANIMALS.—Yesterday afternoon a negro woman named Betsy Holland, about thirty years of age, was arraigned before Justice Mackay, charged with committing a murderous assault upon John Jones, colored. It appears that John believed with Thackeray that each separate soul of us is an island in the great ocean of life, and looked for a fellow island willing to help build a causeway which should bind him and said island together forever. Believing that Betsy was the other side and marriage to be the causeway that would accomplish this desirable object, he made up to Betsy, who, not liking to be sought after, so informed John. But John, like other men, only valuing those prizes which require some labor to secure, persisted in his designs upon her hand. Yesterday afternoon, after a little quarrel, and while John was standing with his back to her, she seized a large fork and endeavored to impale him, but he fled she pursuing. On the way she seized a rake and struck him a severe blow on the forehead, breaking the flesh and inflicting a very painful wound. John ran into the house, where he followed and made another assault upon him with a knife. He then dodged and ran toward the kitchen, when she seized a pot of soup and threw it over him. He then went to the pump to wash his wound, and was again assaulted by the fiend.

While before the magistrate, Betsy said that she "didn't have any use for men; they was treacherous animals; I never did like 'em, and I don't see why they keep a courtin' of me." In default of bail in the sum of \$300 to appear, for trial, she was committed to jail. While on her way there in charge of a constable, she met John, whereupon she grabbed a stick and went for him, but he was fortunate enough to elude the clutches of the she-devil.

CRUISE.—The closing exercises of the parochial school of the African M. E. Church, under the direction of B. H. Cain, took place in Liberty Hall yesterday.

Daddy Cain expresses the opinion in the Missionary Record that it is not at all strange that the Mayor should be "powerless" to quell a riot, "surrounded as he has been, and still is, with all the deadheads of the Republican party to bear up, and with a Copperhead in his bosom stinging him to death, while his life is hanging on a slender thread of political hemp."

The Lieutenant of the Detective force states that he, not the Mayor, appointed the officers of his force—the Mayor only confirmed the appointments.

The Savannah Advertiser says that the presence of mosquitoes there is as "fully demoralizing to one's analytical sequence of ideas as the negroes of Charleston to good clothes and good temper."

The servant who was shot at Castle Pinckney Saturday was still in a most critical condition last evening.

The Serious Family Club will meet to-night. From and after this date Officers Lovett and Truall, of the Detective force will be on duty at the South Carolina Railroad depot; Officers Quinn and Levy at the Northeastern Railroad depot, and Officer Cosles at the Savannah and Charleston Railroad depot.

The silver sugar bowl, raffled for at Mr. Mr. Drake's auction room, on Friday night last, was won by Mr. Downham. It was raffled for the benefit of the ten orphan children under the care of the Sisters of Mercy.

Daddy Cain commences a lone editorial, denouncing the late riot, and asserting that the mass of the colored people had nothing to do with it and condemn all such proceedings, with this sentence: "This community has been shocked with transactions which causes the bluish rise in the face of every law-abiding citizen." The colored people should read the editorial.

The rice and cotton factors are summoned to attend a meeting at the office of Messrs. Fraser & Dill, to-morrow at 12 M., to hear the report of the special committee appointed at the last meeting.

SECURITY INSURANCE COMPANY OF NEW YORK.

We published to-day the semi-annual statement, made up to 1st July last, of this well known and favorite company, showing assets to the amount of \$1,909,303 53 at cash market valuation.

This company ranks among the largest and best in the Union, and its policies offer the most reliable indemnity against losses. The reported defalcation of its late secretary, Ballard, amounting to \$83,000, is a very inconsiderable sum compared with its bona fide assets of near two millions of dollars. Besides we have before us a circular from its worthy president, Mr. Haselings, stating that there is a well-grounded probability that the larger portion of the extracted sum above referred to will be recovered.

The "Security" stands second of all the New York Fire Insurance Companies on the basis of the largest amount of net cash premiums received during the past year.

Its agent in Charleston is Mr. Samuel Y. Tupper.
